REPORT OF COUNTY COMMISSIONERS.

To the Citizens of Hillsborough County:

The laws of the State of New Hampshire require the county commissioners and the several officers of the county to make a report at the end of each fiscal year for your consideration, and we herewith submit the fifty-ninth annual report of Hillsborough county for the year ending December 31, 1905.

The treasurer's report for the year ending December 31, 1905, shows that the county is in a prosperous condition financially.

The actual operating expense for the year was \$148,-349.79, a decrease of \$3,372.82 from the year preceding.

The county has no floating debt. The bonded debt has been reduced from \$337,973.66 to \$247,911.99, with cash on hand (including \$20,887.31 in the sinking fund) of \$147,658.91, leaving the actual debt of the county December 31, 1905, \$100,253.08, a net reduction of \$38,435.31 during the year.

Of the amount received from the license commissioners, \$57,437.06 has been expended in the construction of the courthouse at Manchester and buildings at Grasmere. The balance being applied to reduce the debt (\$10,000 having been transferred to the sinking fund account).

The county has \$428,342.63 invested in real estate, buildings and personal property. Viz: Courthouse and jail at Manchester, courthouse at Nashua and the county buildings at Grasmere.

The county now has modern and convenient buildings; all that are necessary to transact the business and meet the wants of the county.

The time has come to reduce the county tax, and there should only be appropriated a sum equal to meet the actual operating expenses of the county and \$10,000 to be transferred to the sinking fund account each year to meet the obligations of the county as they become due.

At the institution at Grasmere there has been supported and partially supported "in the pauper department" 666, a weekly average of 353 persons, a less number than any year since 1895.

At the House of Correction there has been 673, "nearly three times as many as any previous year," making a total of 1,339 persons, or a weekly average of 427 inmates supported at the institution during the year. This does not include officers, attendants, nurses and paid help. The total expense has been larger than previous years, owing to several causes, the principal one being the change made in the laws by the last legislature respecting persons convicted of drunkenness. Now the county is obliged to bear the expense of all persons sentenced to the House of Correction for this crime.

All prisoners who have been able to work have been employed on the farm and in the erection of the hospital buildings. A large majority are given only a 30 days' sentence, and their habits, with their condition when received is such that by the time they are able to work their sentence has expired.

We believe that a change could be made in the laws that would be a benefit to this class of prisoners and a saving to the county.

The hospital building being built by the authority of the county delegation (for which \$30,000 was appropriated) will be completed and occupied by June 1, 1906, and will be a modern hospital, where those suffering from contagious

diseases can be cared for and separated from the other patients.

Mr. H. K. Libbey, who faithfully served the county as superintendent for nearly twelve years, and Mrs. W. W. Porritt, matron, resigned December 1, 1905. Fordyce W. Russell, who had been assistant superintendent at the institution for 16 years, was appointed to fill the place vacated by Mr. Libbey, with Mrs. Russell as matron.

The commissioners reluctantly accepted Mr. Libbey's resignation. He was a gentleman who had the perfect confidence of the commissioners, the good will of all the inmates and was esteemed by the citizens of Hillsborough county. The county was very fortunate in securing the services of Mr. and Mrs. Russell.

You have a superintendent and matron, who, we think, will look out for the comfort of the inmates, serve the county conscientiously and faithfully discharge the duties required of them.

C. A. Weaver, M. D., has been retained to administer to those requiring medical treatment, with E. B. Swett, M. D., as assistant.

The county is indebted to the W. C. T. U., who have taken great interest in the inmates at the institution during the year. Also to Rev. C. P. Reikie of Goffstown and Father J. J. Brophy of Manchester, for the time and interest taken trying to brighten the lives of the unfortunates. The societies and individuals who have contributed reading matter and all citizens of the county who have by word or deed tried to make the lives of the inmates more pleasant, we return thanks in behalf of these unfortunates.

With the exception of the amount paid for board of orphan and abandoned children at the several homes, the aid furnished the county poor and dependent soldiers and their families off the farm (including board paid at the New Hampshire State Hospital) has been less than any year since 1888.

The court house at Manchester has been completed within the appropriation and is now occupied and seems to meet all the requirements of the county.

The jail has been under the same management, Mr. and Mrs. Wadsworth. Their twenty-nine years of faithful service for the county at this institution is all the comment necessary.

The commissioners wish to thank all citizens of the county and overseers of the poor in the towns and all other officers of the county for their aid and interest taken in county affairs.

Respectfully yours,

LOTIE I. MINARD,

JOHN F. CLOUGH,

STILLMAN H. BAKER,

Commissioners of Hillsborough County.

PHYSICIAN'S REPORT.

To the Honorable Board of Commissioners for Hillsborough County:

GENTLEMEN:—As physician to the Hillsborough County Almhouse, it again becomes my duty to make my annual report. Owing to a law made by the last General Court, pertaining to prisoners, the number cared for during the past year, has been much greater than in former years. There has been no acute contagious disease, except measles, which was confined mostly to the children. There has been an increase in the number of cases of pulmonary tuberculosis. All have been sent in to the hospital, and none have developed at the institution.

Strict rules have been made in regard to expectoration. The tubercular patients' being supplied with paper cups which they, at all times, keep with them. These cups are burned and new ones supplied twice daily. The hospital has been kept full most of the time during the past year, and work upon the new hospital buildings is progressing rapidly; and it is hoped that, before the making of the next annual report, the unfortunate sick at Grasmere, may be comfortably cared for in this new and modern hospital, which will be a credit to the County of Hillsborough. After a long and faithful service, Mr. H. K. Libbey and Mrs. W. W. Porritt, superintendent and matron, resigned, and Mr. F. W. Russell and wife were appointed to fill the vacancy, both having a thorough knowledge of institution work. I wish to thank the Superintendents and Matrons and all Officers, also you, Messrs. Commissioners, for the courtesy and kindness to me.

Respectfully submitted,

C. A. WEAVER, M. D.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN:—In submitting my second annual report I wish to express my thanks to the superintendent and the officers of the institution for their aid and co-operation during the year's service.

SOLICITOR'S REPORT.

To the Honorable Board of Commissioners for the County of Hillsborough:

At the January term of court, 1905, fifty-nine indictments were found by the grand jury; at the May term sixty-four indictments were returned: at the September term sixty-nine indictments were returned, and during these three terms twenty-seven appeal cases were entered from various police courts of the county, making a total of two hundred and nineteen cases to look after and dispose of in our superior court. In addition to this were continued cases from the September term, 1904.

These cases have been disposed of according to the usual course of procedure during the year. Eighteen persons have been sentenced for terms in state prison of various lengths and the remainder have received sentences at the county farm and at the county jail and a few children have been sent to the industrial school under sentence. During the year the county has been reasonably free from serious crime.

Early in August one George Lee was found dead at Antrim in an unoccupied farm house with the frontal bone of his head fractured. A thorough investigation of the case was made but no evidence showing conclusively when, by what means, or how Mr. Lee came to his death were found. Various theories or explanations were advanced by different persons examining into the case, but no satisfactory solution has been made. It was conclusively shown that he did not meet his death through natural causes; neither was it a case of suicide, and until further evidence bearing

directly upon the point of how his skull became fractured can be obtained, considerable mystery will surround this case. The sheriff and other officers and officials of the town of Antrim and the citizens of that town assisted the solicitor faithfully and earnestly in every way possible to clear the mystery surrounding this case.

During the year warrants have been issued for various minor offences and prosecutions followed under the direction of the solicitor as the evidence in the case would warrant.

In the performance of the various duties and responsibilities of this office during the past year your solicitor has received uniform courtesy, willing assistance and friendly advice from your board, the sheriff, and all other officers of the county, cities and towns, for which deep gratitude is expressed to these various officials.

Respectfully submitted,

EDWARD H. WASON,

Solicitor.

Dated the 31st day of December, 1905.

PUBLIC STATUTES.

CHAPTER 84.

LAWS IN RELATION TO AID FURNISHED TO INDIGENT SOLDIERS,
AND PROVIDING FOR ENTRANCE TO THE SOLDIERS' HOME
IN CERTAIN CASES.

SECTION 9. Whenever any person resident in this state, who enlisted in the quota of this state, and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States, in the War of the Rebellion, or in the Spanish or Philippine wars, and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow or minor children, or such the children as are unable to maintain themselves shall be supported at the public expense in town or city of their abode at their own home or any such place, other than a town or county almshouse, as the overseers of the poor or county commissioners shall deem right or proper, but no person shall receive aid under the provisions of this section unless he has resided in this state three years or more before making application for such aid; and no person shall, while receiving aid under the provisions of this section use intoxicating liquor to an extent, which shall render him incapable of working at his usual occupation; and no person receiving aid under the provisions of this section shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any person other than those above named as being entitled

to the benefit of these provisions. Any person receiving aid under the provisions of this section, who receives a pension from the United States government, shall, while receiving such aid, apply the pension to the support of himself and dependent family, and shall, when requested, furnish to the overseers of the poor or the county commissioners satisfactory proof that such pension has been so applied. Any person applying for such aid, shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, as to the incapacity on his part to perform manual labor. Neglect by any person applying for or receiving aid under the provisions of this section to comply with the foregoing provisions and conditions of this section so far as such person is concerned, and such person may be supported at the town or county almshouse.

SECT. 10. The expense of support furnished under the provisions of the preceding section shall be kept and reported in a separate account under the head of "Aid furnished to dependent soldiers and their families," and not in the general pauper account, but shall be recoverable of the person, town or county liable therefor as in other cases.*

SECT. 11. The county commissioners or the overseers of the poor of any town may require any person applying for aid under the provisions of section 9 of this chapter, who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application or if admitted refuses to go to said Soldiers' Home, the county or town shall be relieved from the provisions of the preceding sections so far as such person is concerned, and he may be supported at the county or town almshouse.

* This section was passed by the house and senate, but omitted from the engrossed bill. Such references are made to it in the engrossed bill that it is evident the legislature intended it should be a part of the law.

AID TO PERSONS QUARANTINED.

It sometimes becomes necessary to assist a family when quarantined on account of scarlet fever, diphtheria, etc., by reason of it being deprived of the opportunity to earn wages, or from other causes, and to provide for which the following law was enacted by the legislature, and approved March 11, 1899.

SECTION 1. Whenever any person or family is placed in quarantine by a board of health, to protect the public against smallpox, scarlet fever, diphtheria or any other dangerous, infectious or contagious diseases, it shall be the duty of said board to assist such person or family while in quarantine in such manner as in the judgment of the board may be deemed wise or necessary.

SECT. 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legitimate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent pauper account, nor shall such expenditure be construed to mean a public aid to the person or persons so quarantined and assisted unless such person or persons are already paupers as defined by the Public Statutes.

The above law would seem to solve, in a thoroughly satisfactory way, a question which heretofore has been considerable of a problem in some localities. The entire matter is left to the judgement of the local board of health, and whatever aid the board may deem to be wise and necessary to extend to the families in question must be paid by the town and charged up as provided for in section 2.

MONTHLY PAYMENT OF BILLS.

The commissioners have made new rules as to the payments of all claims against the county. All accounts will be settled the tenth of each month, but must be presented to the commissioners on or before the fifth, so they can be ex-

amined and audited. All claims must be approved by the heads of the several departments, and all pauper bills from the towns certified to by the overseers of the poor, before they will be allowed by the commissioners.

They (County Commissioners) shall have the charge and care of county paupers and shall provide for their support upon the county farm or elsewhere as provided by law, and when expedient they may appoint agents in the several towns to investigate applications and look after the county poor in such towns.

Approved, February 28, 1901.

An act in amendment of chapter 27 of the Public Statutes relating to County Commissioners.
